BELLEVILLE, THURSDAY, OCT. 2.

An International Fair.

The suggestion made by Earl Dufferin

in a speech which he delivered shortly

before the expiration of his term of office

as Governor General of the Dominion, to

the effect that the natural beauty of the

territory immediately adjoining Niagara Falls

should be restored to both sides of the

river, and that it should be reserved as

an International Park, seems likely to bear

fruit. His Excellency's communication, at

the suggestion of the Governor of the State

of New York, and the result has been

on Saturday last the Hon. O. Mowat, Premier

of Ontario, his Excellency, Messrs. F. P.

Parsons and H. C. Macdonald, representing the

Government of Ontario, proceeded to the Falls

and there, as the Globe informs us, met the

following commissioners appointed on the

behalf of the State of New York:—Lieut.

Governor Downer; President Barnard,

of Columbia College, New York; Mr.

George Geddes, Syracuse, N. Y.; Mr.

Francis A. Scott, and Mr. James T. M.

Gardner, Secretary of the New York State

Survey, Albany; and Mr. Fred. Law

United, well known as the designer

number of the principal public parks in the

United States and Canada, including Cen-

tral Park, New York; Prospect Park Brook-

lyn; the park at Montreal, besides others.

Our contemporary states that the

conference was a success, and that the

proposed operations were submitted for

consideration, in which it was suggested

inter alia, that no effort be made to

change the natural characteristics of the

locality be restored and preserved, as far as

practicable, and that the grounds be

thoroughly cleaned up, and that the

subject be placed under the supervision

of a commission, which should be

composed of representatives of the

Government of the Dominion, and of

the Governments of the State of New

York, and of the Province of Ontario.

It is understood that the New York

delegates express a willingness to go on

with the project, provided that the

Government of the Dominion be

willing to contribute to the cost of

the project, and that the Dominion

Government be willing to contribute

to the cost of the project, and that

the Dominion Government be willing

to contribute to the cost of the

project, and that the Dominion

Government be willing to contribute

## CRICKET.

BELLEVILLE CRICKET CLUB, VS. MAYOR

AND CITY COUNCIL.

There was a bright and pleasant afternoon,

a clear sky and a breeze of sufficient force

to make the atmosphere pleasant, and

the spectators were not disappointed in

witnessing a game of cricket between the

eleven of the Belleville Cricket Club, and

the Mayor and Board of Aldermen. There

were a few absent from the ranks of the

club's substitutes, all things considered,

and fairly, and the game, as far as the

## SAINT ANNE, OTTAWA RIVER

### NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the Secy of Public Works, and endorsed "Tender for Canal and Lock at St. Anne," will be received at the office of the Secy of Public Works, at St. Anne, on Friday, 10th DAY OF OCTOBER next, for the construction of a Lock and the widening of approach to the lock on the landward side of the present Lock at St. Anne.

A map of the locality, together with plans and specifications of the works to be done, can be seen at his office and at the Engineering Office, at St. Anne, on any day after SATURDAY 7th DAY OF OCTOBER next, at either of which places printed forms of Tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly according to the printed form, and in the case of firms, or other persons, attached the actual signatures, the nature of the occupation and residence of each member of the same; and further, an accepted Bank cheque for the sum of \$1000 may be required of the party tendering, to be forfeited in the event of the tender being not accepted.

The date of fulfilment of the contract, satisfactory security will be required by the tenderer to the amount of \$1000, on the bank side of the contract, which the sum sent in with the Tender will be considered a part.

Ninety per cent. only of the progress estimate will be paid until the completion of the work.

To each Tenderer must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to be bound to the carrying out of these conditions, as well as the date of performance of the work submitted in the Contract.

This Department does not seek, however, to bind itself to accept the lowest or any tender.

By order, J. B. HANCOCK, Secy.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, 26th AUGUST, 1879.

### NOTICE TO CONTRACTORS

**S**EALED TENDERS addressed to the Secretary of Public Works, and endorsed "Tender for Canal and Lock at St. Anne," will be received at this office until the arrival of the Eastern and Western mails on **FRIDAY THE 10TH DAY OF OCTOBER** next, for the construction of a Lock and the formation of approaches to it on the landward of the present Lock at St. Anne.

By order of the Council,  
J. H. McLELLAN, Secretary.

and specification of the works to be done, to be seen at his office and at the Resident Engineer's office at K. Anne, on and after 5.30 p.m. on 12th Dec. 1964. The tender must be submitted in a sealed envelope, addressed to the Resident Engineer, at either of which places provision will be made for the opening of tenders and the award of contract.

Tenders will not be to be considered unless they are submitted in accordance with printed instructions and are accompanied by the attached the actual signature, the date of the occupation and residence of each member of the tendering party.

Retention of the sum of £2,000 must accompany the tender, which sum shall be forfeited if the party tendering declines acceptance of the contract or fails to complete the work on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfillment of the contract, satisfactory security will be required by the Resident Engineer in the form of a deposit, or on the bulk sum of the contract; which the sum sent in with the Tender will be applied towards.

Ninety per cent. only of the progress

To each Tender must be attached the signatures of two responsible and solvent persons, resident of the Dominion, willing to become sureties for the carrying out of the conditions, as well as the due performance of the works embraced in the Contract.

This Department does not, however, bind itself to accept the lowest or any tender.

By order,  
F. BKAUN, Secretary  
DEPARTMENT OF RAILWAYS AND CANALS.

Excitement in the Tea Trade.

The Montreal market of the 1st inst. says

"Not since the year 1855 have there been

"such a large quantity of tea taken in

"the tea trade of Montreal as has taken place

"during the past few weeks. It is estimated

"that fully 10,000 packages have

"been imported, and the market is

"very active, and prices are up to \$3

"per pound, which is considered an

"extraordinary advance for a single day. Green

"tea under 25c per pound has been sold

"up, and less which three weeks ago cost

"25c to 30c per pound are now selling at 30c

"to 35c. An active inquiry exists for

"green tea at 40c to 45c per pound, and

"black tea in the present straits, that a

"large quantity of goods has been bought for

"immediate consumption, and it is

"expected that the market will run down

"very low. In England black tea has

"advanced 2 1/2 per cent, and tea from

"the market there has been completely

"swamped under 30c per pound. Stocks

"have been reduced to exceedingly

"small quantities, and it looks at the

"moment as if nothing could avert a further

"rise in value. We congratulate some of our

"leading merchants upon the handsome

"sums they are now known to have made

"within the past few days. Although values

"have taken the downward course, and

"it is feared that they cannot yet be

"turned back, our worthy citizens in the

"tea trade, who know how to appreciate

"business, are doing well. It is reported

"that the tea trade will be a very

"prosperous one, and that the tea trade

"will be a very successful one. It is

"reported that the tea trade will be a

MAUDIE MULLER and THE JUDGE.

Maudie Muller on an August Day Took the Fever of the Hay.

And the Judge's little maid to her.

The Judge rode slowly down the lane, And the Judge's little maid to her.

And drew his horse to the shade, And the Judge's little maid to her.

With a smile on his face, and a word, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

And the Judge's little maid to her, And the Judge's little maid to her.

CHARLOTTEVILLE, P.E.I., Nov. 11, 1878.  
Mr. James H. Robinson, St. John's, N.S.  
DEAR SIR,—By, I may say, almost a miracle, this spring, being confined to my bed for nearly three months, and during this time I was under the combined care of three or four of the most eminent physicians of Charlotteville, and by them and my friends gave up as beyond all power to help me. Dr. Baxter of Montreal, having occasion to call upon me on business, very naturally observed my state of health, and after fully describing my trouble, which by the doctors attending me was pronounced to be Dyspepsia, he said that he had a cure for it, and that he would only ask me to try it, and that after being used at least three days, while tea, coffee or milk, I do not touch, and a dose of dry food would invariably give me relief. Dr. Baxter then recommended Robinson's Peppermint Cure, which I at once tried, and to my surprise, which can only be said by saying to all similarly afflicted, "Do this and do likewise," I found myself relieved of my trouble, and in a few days I was able to get up, and to say I am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel. Yours, etc., J. McKEOWN.

Many valuable diseases and much useful knowledge is sent from the world, because of the immense expense in making them known to the people. This is the case with the "Robinson's Peppermint Cure," although but a few years introduced into this country its sale now reaches every town and village in the Canada and the U.S. Its wonderful success in curing the most common diseases of the throat and lungs, was first made known by distributing every year, for three years, over 40,000 of the medicine free of charge, by druggists to such a great extent, that the public at large are now in a position to obtain it for a few cents. Go to your druggist J. Clarke & Co. or to L. W. Yeomans & Co., and get a bottle for 70 cents and try it. Sample bottles 10 cents.

**Local Notices.**

GRAND TRUNK—Trotting Man Laid in possession until Friday, Oct. 23, 1879, at the Dufresne House. Don't fail to secure a ticket and win the first driver in the city. Walter Fanning.

I'll paint your portrait in colors, send an artist to a lady fair. Oh, no! the said, I have been, and had taken done by Brown & Dean.

What is taken from you Before you get it a photograph, At the Studio of Brown & Dean.

"Take me with a Sunday expression," She said, as she entered the studio in The Ashby Block—and they did.

A GOOD OPPORTUNITY.—The Rev. A. Schuster, Bible Circulator, minister, offers to teach the French and German languages to all French and German children in the city. Applications in the Bible Circulator, south of Albert College.

RECEIVED.—Another consignment of "Elephant" brand, which will be sold at low figures. Also in stock, Pairs of all kinds, Bruses, Windsor Glass, colored, figured and plain, Portland Cement, and Plaster Paris, and the celebrated "Prime White" Portland Cement, which I sell at the same price as the ordinary quality, and deliver to any part of the City. ALBERT L. GARD, agent for Edison's Electric Apparatus, south of Albert College.

TRUCKS.—Three prisoners and one tramp occupied the cells last night.

MORE GRAIN.—Four cars of grain arrived on Grand Junction this morning for Messrs. Downey & Preston.

MEETING.—A joint meeting of the Cricket and Lacrosse Clubs will be held at the rooms of the latter to-morrow night.

BUS ARRIVANCE.—The audience at the Lillian opera in London last night was the largest ever seen there, hundreds being unable to gain admission. The company will arrive here on Saturday in time for the Grand Matinee at 2:30 p.m.

MARINE NEWS.—The Belle is being loaded with barley by the Grangers of Sidney. The Belle is loading with barley for Oswego & Watons. The Belle is waiting to receive a cargo at Campbell's.

JOHNSON TRAFFIC.—The passenger as well as freight traffic on the Grand Trunk Railway just now is very large. On Tuesday evening shortly after the ten o'clock express left Montreal for the West it was found necessary to dispatch a special train, the amount of passenger traffic being so great.

FOUR PRIZE.—Fishermen at Hay Bay have been having fine sport trolling for Macanogons, of which many hundreds, ranging from 27 lb. downward have lately been captured. Fall fishing for macanogons is something new. It is carried on in the deep water, a sinker being attached to the spoon bait, so that it travels several feet below the surface of the water.

THE IMPROVEMENT OF PENITENTIARY.—In accordance with a decision of the Toronto School Board, the Committee on Printing and Stationery have been instructed to procure twenty-five rubber stamps, one for each school, fifteen inches long and one and a half inches wide, to be used as the only instrument in administering corporal punishment to pupils attending the several schools.

MORE LOCOMOTIVES.—The Kingston News says:—We learn that the leases of the Pembina Branch Railway have closed a contract with the Canadian Engine Works for the construction of two locomotives for the railway, the work to be finished in January next. This will make four engines on the Pembina road which have been built in Kingston.

NEW ROUTE.—Capt. Frost, the pioneer of the route between Picton and other parts west, is having a new, larger and steeper steamer built, to replace the favorite old "Cris". The new steamer which is being built by Mr. Selwyn Day at Wolfe Island, will be 100 feet long, 24 feet beam, with an engine of 40 horse power, and is expected to make 10 miles per hour. The hull will be entirely of oak, the fittings throughout of the best character, and in all respects the steamer will be the finest of its kind, and constantly growing reputation of the traffic.

THE LUTHERANS.—This company of miniature performers will make their second appearance in Kingston on Saturday next at the Opera House. On their last appearance they used a decided hit, and doubtless will be well patronized on their second visit. The following is a list of the company:—Miss Jennie Taylor, height 5 ft. 3 in.; Miss Sarah Bolton, 3 ft. 3 in.; Miss Emma Bernhart, 3 ft. 3 in.; Miss Harriet Ross, 3 ft. 3 in.; Miss Eva Mills, 3 ft. 3 in.; Adolphus Dill, 2 ft. 3 in.; Col. Spect, 30 in.; Gen. Tolman, 29 in.; Prince Louis, 36 in.; Major Davis, 34 in.; Col. Stearns, 34 in.; Col. Orr, 3 ft. 3 in.

**MORNING DISPATCHES.**

HAVER, Oct. 23.—The note of the British ship Triton, from New York, was arrested, charged with an attempt to murder the captain and to fire the vessel.

BACCHANAL, Cal., Oct. 23.—(Gran.) party arrested yesterday, and met with a good reception.

NEWARK, N. J., Oct. 23.—A schooner from San Domingo is reported with yellow fever at National Island, and the captain, Dr. McIntry and Wm. Teal, who reside at Wooler came to this city yesterday. They were both of a good disposition and to-day published too much in the cup that insatiable.

Shortly after twelve to-day they drove off from the city in a rig and went to a desirable house known as "The Farm," and situated a short distance north of the city on the Madoc road. They were there a short time when an altercation took place between McIntyre and one of the young women of the place, known as "Gus" or "Lulu" Ellis.

Both the young men it is alleged by the inmates of the house were intoxicated at the time McIntyre was being driven off, and a demonstration and at the commencement of the affair asked the whereabouts of the girl "Gus."

At the time she was engaged in using the sitting room door, while McIntyre was in the next room in the rear which was used as a kitchen and dining room. McIntyre went to where the girl was working and striking her whilst on her knees as he said, was several times ordered to leave which demands the young man would not comply with.

Becoming exasperated the girl—who by the way is a good specimen of masculine femininity—got up and with the assistance of another inmate from the room and through the kitchen to a shed in the rear, despite resistance on his part.

Prior to this, however, McIntyre remarked that he wanted to do some shooting and if they (the inmates) had any revolvers they could bring them out. Teal had also requested the unfortunate young man to do so, and to go away with him, but he was unwilling to do so, and said that he would not go out. He also it is said, choked the girl whilst she was upon the bed, and struck her on the left cheek, the results of the blow being apparently visible at the time of her arrest.

Whilst in the shed, McIntyre got possession of a bottle, and said that he would smash her (Gus) brains out. The bottle was, however, taken from him, and he then turned towards the girl and struck her, when she drew a revolver from her pocket and fired. The first shot did not take effect, but the second struck the young man a little in front of the left ear and passed through the bone. He then remarked to his companion, "I'm shot, I'm shot," and with Teal's assistance went to the buggy, and was driven to the Hastings House, where he now lies.

Such is the narrative given our representative by inmates of the house. Teal, McIntyre's companion, states that all he knew about the occurrence is that they were going away, he in the lead, when he heard two shots and turning around McIntyre told he was shot. They then drove off, he cared for her and was to the shed after by taking his companion home and saying nothing about it.

Dr. Wilson was notified and on going to the hotel and after bestowing the preliminary attention to the wound, proceeded to the shed to find the bullet or trace its direction.

The young man was under the influence of liquor and was therefore retiring quietly, but was gradually falling. Dr. Wilson gave it as his opinion that fatal results would follow.

The girl was arrested by Sergeant Snider and is now in the police station.

At the hour of going to press, McIntyre was still sinking, and there was little hope of his recovery.

**THE DEATH DEALING REVOLVER.**  
SHOOTING AFFRAY.

A Probably Fatal Act.

A shooting affair occurred this afternoon at a place known as "The Farm," the result of which at this writing, it is thought, will prove fatal.

The details of the occurrence are as follows:—The young men named McIntyre, McIntyre and Wm. Teal, who reside at Wooler came to this city yesterday. They were both of a good disposition and to-day published too much in the cup that insatiable.

Shortly after twelve to-day they drove off from the city in a rig and went to a desirable house known as "The Farm," and situated a short distance north of the city on the Madoc road. They were there a short time when an altercation took place between McIntyre and one of the young women of the place, known as "Gus" or "Lulu" Ellis.

Both the young men it is alleged by the inmates of the house were intoxicated at the time McIntyre was being driven off, and a demonstration and at the commencement of the affair asked the whereabouts of the girl "Gus."

## Daily Intelligence.

BELLEVILLE, TUESDAY, OCT. 23.

## City and Vicinity.

THE CELLS.—There were only two inmates of the cells last night—both prisoners.

LARGE GRAIN RECEIPTS.—The receipts of grain at Trenton last week were over 60,000 bushels.

CHARTER.—The rates paid for vessels chartered to Oswego are: Grain 30c per bushel; lumber 75c per 1,000 ft.

LATE.—The traffic on the Grand Trunk is almost as heavy as the mails are almost invariably behind time.

VENISON AGAIN.—Mr. Tennor says that the fine weather is not yet over; that he expects another general and rainy term, and after that extreme cold, with moderate snow falls.

RAILED STRAW.—An enterprising Americanian Trenton with a machine for pressing straw, and is buying up large quantities of straw, promising it into bales, and shipping it across the lake.

A LARGE FLEET.—The largest fleet of the season, composed of about thirty schooners, left Oswego for the city on Saturday. They had a fine run, and the wind being from the southward.

RECEPTION.—The officers of the 49th Battalion will hold their annual dinner at Stirling to-night, and those in the city who have received invitations may expect a most pleasant evening's enjoyment.

THE WEATHER.—A break seems at length to have taken place in the long spell of no weather which has marked the month of October. Changeable and perhaps stormy weather will probably follow.

SALE OF FARM STOCK.—It will be seen by advertisement that the credit sale of farm stock and implements belonging to Mr. John Lee, front of Thurlow, has been postponed until Wednesday Oct. 29th, commencing at ten o'clock, a. m.

WEDDING TRIP.—Prof. Worbes, leader of the Odellville string band, whose marriage is announced in another column, left this morning with his bride on the west-bound train, which will extend as far as San Francisco. The good wishes of many friends accompany them.

MARRIAGE.—The schooner British Queen, grain laden, in leaving the harbor grounded last night in the track of the ferry, which carried her off. The schooner Fabius and Carter are loading barley on the south side of the bay. Three schooners passed down close together this morning, all heavily loaded.

THE BARRETT TRAIL OF OSWEGO.—The Fallidians of Saturday says:—"The imports from the track of the ferry, which have been 757,660 lbs., and shipments by canal 440,470 lbs. The receipts of new crop to date aggregate 1,677,060 lbs., against 1,677,060 lbs. for corresponding period of 1878, showing an increase this year of 4,005 lbs. The amount of barley on the canal from lake ports for this water, yesterday noon, was 656,670 lbs.,

## MORNING DESPATCHES.

OF WHICH 276,300 lbs., were shipped from Oswego and 100,400 lbs. from Buffalo. The supply on the canal at corresponding time last year was 307,430 lbs. a. m.

ATLANTIC CLUB.—The meeting which was held in Carman's Hall last night for the purpose of forming an Athletic Club was largely attended. A goodly number assembled at the hour of meeting, and an adjournment was held until Monday night next, for the purpose of electing officers.

BLACKWOOD'S EDINBURGH MAGAZINE, for October, has the following table of contents:—Spain, part II., Round about Denmark; A deadly feud; A tale from France; Reata; or, What's in a name, part I.; The Denise of the Kaiberbund; Contemporary Literature, viii.; Newspaper Office; The Cabot Mutiny.

TAKE RIPLE.—The fourth match for the forty-ninth annual challenge cup will take place on Friday next. It is rather a curious circumstance that the cup was won on each of the three previous occasions by a different individual, and that each of the winners was a color-exposed. As this will be the last competition for the season, it is certain that the cup will not be finally won this year.

CHORAL UNION.—A meeting of the Belleville Choral Union was held last night at Harmonic music rendered being good attendance and several new members were admitted. It was determined to send for new music at once, and to commence practice next week. A committee of three was appointed to confer with the Belleville Harmonic Society, which is to meet to-night, with the object of endeavoring to secure the amalgamation of the two organizations.

MINISTERS.—On Thursday evening last, Dupont & Bonaldi's favorite Minstrel, a well-known of their popular entertainments in the Opera House. This company is the oldest organization in its line on the stage, having for the last twenty-eight years been the head of a company composed of talented exponents of old time minstrelsy. The record of the company is most excellent, in talent and strength it is unsurpassed, and no doubt a large audience will witness the old-time favorites on Thursday night.

CHAPTER OF ACCIDENT.—On Saturday last, a daughter of Mr. J. Post, was crossing the canal at the factory when she fell and fractured her arm below the elbow. On the same day a son of Alexander Wallbridge was practicing on a horizontal bar, when he fell and broke his arm. The little boy Phillips, who fell from a tree a short time since and broke his leg, had so far recovered last week as to have the bandage removed. While being wheeled out in a small carriage on Saturday last, the carriage was upset and the little fellow had his leg again broken in the same place in which it was broken at first. Dr. Wilson is in attendance on all three patients.

—If you are restless and cannot sleep, take SANFORD JAMAICA OIL.

BEACHING CLOTH.—If you want to beach cloth take the advice of the man who writes as follows:—"It will soon be time to commence bleaching cloth, let me say that I take up the stocks separately, and place them upright in a box two feet or two and a half high, with six inches of sand or fine earth in the bottom. I place the bundles close against the wall, without crowding, and put them in the coolest place that I have, where they will not freeze. I then cover with a blanket or carpet to keep the light out, and in ten or fifteen days my cloth is thoroughly bleached to the very tip."

WIT IN IT.—Mr. J. N. Lee, a Trenton grain buyer, visited Belleville yesterday, and when he left the city at two o'clock, a. m. buyers here were paying 65c to 66c for barley and 66c to 67c for oats. When he reached Trenton he found buyers were paying 65c to 70c for barley, and 70c to 75c for oats. This made a difference of ten cents a bushel for barley, and five for oats. With such facts, it is only wonder that the streets of Trenton are lined day and night with farmers' teams laden with grain! Of course it may just be possible that Trenton grain buyers are paying more than the Oswego price will warrant, and are losing money, while the Belleville buyers are only making a fair profit. But however it may be, the farmers will be the better off where they pay the highest price, and who will blame him?

## Police Court.

(Before A. DILMOND, P. M.)

TUESDAY, OCT. 23.

George Hubbell was committed to goal for one month.

DETENTION.

William Watson was remanded for a week.

ALEXANDER FELLOWS.

Alexander McDonald, charged with obtaining \$14 from John McIntyre with intent to defraud, was acquitted, the prosecutor failed to appear.

Some one has opened a cafe just opposite a cemetery in Paris. He dedicates his house to three "Deaths" from funerals, and announces on his private sign, "Private rooms for those who desire to weep by themselves. Wine and liquors of the very best."

To persons employed in constant mental labor, study or fatigue, Fellows' Sympathy of Hypophosphates is especially adapted, namely to Teachers, Clergymen, Editors, Lawyers and importunate business men.

PERCY DAVIS' PAIN-KILLER.—This effe is almost instantaneous relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is especially the people's friend, and every one should have it in their house, where they can put their hands on it in the darkest of need.

The great grass grower in the Province, go spread over a thin layer of plaster, and the grass will grow more luxuriantly than before. Try this, and you will see the effect. The grass is now more marked, and the grass is vigorous and seems to find in the soil all the elements to support its life.

## MORNING DESPATCHES.

OF WHICH 276,300 lbs., were shipped from Oswego and 100,400 lbs. from Buffalo. The supply on the canal at corresponding time last year was 307,430 lbs. a. m.

ATLANTIC CLUB.—The meeting which was held in Carman's Hall last night for the purpose of forming an Athletic Club was largely attended. A goodly number assembled at the hour of meeting, and an adjournment was held until Monday night next, for the purpose of electing officers.

BLACKWOOD'S EDINBURGH MAGAZINE, for October, has the following table of contents:—Spain, part II., Round about Denmark; A deadly feud; A tale from France; Reata; or, What's in a name, part I.; The Denise of the Kaiberbund; Contemporary Literature, viii.; Newspaper Office; The Cabot Mutiny.

TAKE RIPLE.—The fourth match for the forty-ninth annual challenge cup will take place on Friday next. It is rather a curious circumstance that the cup was won on each of the three previous occasions by a different individual, and that each of the winners was a color-exposed. As this will be the last competition for the season, it is certain that the cup will not be finally won this year.

CHORAL UNION.—A meeting of the Belleville Choral Union was held last night at Harmonic music rendered being good attendance and several new members were admitted. It was determined to send for new music at once, and to commence practice next week. A committee of three was appointed to confer with the Belleville Harmonic Society, which is to meet to-night, with the object of endeavoring to secure the amalgamation of the two organizations.

MINISTERS.—On Thursday evening last, Dupont & Bonaldi's favorite Minstrel, a well-known of their popular entertainments in the Opera House. This company is the oldest organization in its line on the stage, having for the last twenty-eight years been the head of a company composed of talented exponents of old time minstrelsy. The record of the company is most excellent, in talent and strength it is unsurpassed, and no doubt a large audience will witness the old-time favorites on Thursday night.

CHAPTER OF ACCIDENT.—On Saturday last, a daughter of Mr. J. Post, was crossing the canal at the factory when she fell and fractured her arm below the elbow. On the same day a son of Alexander Wallbridge was practicing on a horizontal bar, when he fell and broke his arm. The little boy Phillips, who fell from a tree a short time since and broke his leg, had so far recovered last week as to have the bandage removed. While being wheeled out in a small carriage on Saturday last, the carriage was upset and the little fellow had his leg again broken in the same place in which it was broken at first. Dr. Wilson is in attendance on all three patients.

—If you are restless and cannot sleep, take SANFORD JAMAICA OIL.

BEACHING CLOTH.—If you want to beach cloth take the advice of the man who writes as follows:—"It will soon be time to commence bleaching cloth, let me say that I take up the stocks separately, and place them upright in a box two feet or two and a half high, with six inches of sand or fine earth in the bottom. I place the bundles close against the wall, without crowding, and put them in the coolest place that I have, where they will not freeze. I then cover with a blanket or carpet to keep the light out, and in ten or fifteen days my cloth is thoroughly bleached to the very tip."

WIT IN IT.—Mr. J. N. Lee, a Trenton grain buyer, visited Belleville yesterday, and when he left the city at two o'clock, a. m. buyers here were paying 65c to 66c for barley and 66c to 67c for oats. When he reached Trenton he found buyers were paying 65c to 70c for barley, and 70c to 75c for oats. This made a difference of ten cents a bushel for barley, and five for oats. With such facts, it is only wonder that the streets of Trenton are lined day and night with farmers' teams laden with grain! Of course it may just be possible that Trenton grain buyers are paying more than the Oswego price will warrant, and are losing money, while the Belleville buyers are only making a fair profit. But however it may be, the farmers will be the better off where they pay the highest price, and who will blame him?

the only officer in charge has been Mr. F. C. Clark, the acting manager, and the latter, having left several weeks ago, and now he takes his departure. Mr. Clark, as well as Mr. Denison, has made many friends while in Belleville, who regret the circumstances which compel him to leave, and whose best wishes for his future success will follow him. Mr. Clark has been in the Bank here for three years as an accountant, and latterly as acting manager, and in his public as well as private life, he has always been held in the highest esteem.

New York markets have not been received to-day.

PERSONAL.—Mr. F. F. Cooper, agent for McDowell's Vandervell company, is in the city, making arrangements for the appearance of the highly popular organization which he represents.

AW RECOR.—Several of our contemporaries have stated the assessed value of this city for 1879 as being \$433,640. This is the amount of exemptions, the assessed value of real and personal property in the city being \$3,501,637, exclusive of exemptions.

MORE GOLD DISCOVERIES.—Mr. Adam Airhart, of Madoc, exhibited here a fine specimen of sulphurous quartz, eleven pounds in weight, in which gold plates visible in several places. It is from the Township of Lake, a farm owned by Mr. Airhart, and from the indications so far as examined, promises well. Mr. Airhart intends to have the specimen of quartz assayed by Prof. Bell.

VESSEL TRAFFIC.—The schooner *Francis Howard*, which has for the past three years been a source of annoyance to the authorities of the town of Picton—as it was prohibited by them that situated as she was she was an obstruction in the harbor—has been sold to Rathbun & Son. She has been sold to Mill Point and there she will be put in proper shape for the next season's traffic.

THE PROPOSED YACHT RACE AT ONTARIO.—The *Journal of Wednesday* evening says:—"Mr. Will Phelps, who has returned from Rochester, reports that the yacht *Ida* is ready to come out and sail a race against the *Ida*, and has a crew ready, but Mr. Jones, who owns three yachts of this class in Boston, and she cannot come without his consent, which it is thought, will be given. He will be in Rochester in a day or two."

GOLD AND SILVER DEPOSITS.—The Winnipeg Times states that in Keweenaw gold and silver deposits have been found in such immense quantities that they may exceed the rush to Manitoba next year. The gold would never have been discovered if Mackenzie had remained at the head of the Government, as he had decided to abandon the discovery of that part of the country.

THE RISING GENERATION.—That the time is growing "weaker and wiser" is not an established fact, as it is not accepted as such by many a youth who under the shelter of the old says that the responsibility of life, that the thirst for knowledge is increasing, was fully exemplified on Wednesday morning last when Mr. Van Norman went to the door to bring in the bundles of papers left by the Express Co., and found that some one's thirst for knowledge had been so great that they had stolen the whole bundle.

MECHANICS' INSTITUTE.—As the long cold nights have again set in, now is the time for the young men to take advantage of the opportunities for intellectual improvement and recreation offered by the Mechanics' Institute. The joining fee is very low, and we trust that large addition to the membership will be made. The Library is very large and well selected, and evening classes, which will be conducted by thoroughly competent teachers and which the rates are moderate, will be opened in connection with the Institute.

BRANCH ROAD TO TWEED.—It will be remembered when the scheme for the Belleville and North Hastings Railway was before the people, that a branch road to the Belleville and North Hastings Railway, and this will be known definitely within the next three months, that if Huntington, Hunsford and Tweed, should grade and tie the branch, the Grand Trunk would be equipped with it. As the grading and tying the Road would be only about half the expense, and would be a small outlay compared with the advantages to be derived from the construction of this branch, it is not surprising that some of the people who think that the people within those municipalities would give it their aid.

GRAND TRUNK AFFAIRS.—A cable despatch to the *Globe* on the 30th says:—"At a meeting of the Grand Trunk Railway Company of Canada held on Friday day Henry Tyler said he thought the brightest prospect was dawning. The acquisition of the line from Port Huron to Chicago was the most important event in the history of the Company. It would open up the best route to Manitoba: Up to the present time about \$210,000 had been spent in going into administration; \$200,000 would be required to complete the line, but the securities would be readily taken in America if the shareholders here did not choose to take them. He characterized the statement in the *Globe* as a 'wonderful' one. If the Company, that it policy has been peaceful and that of the Grand Trunk Company aggressive, as most untrue. He said the great bar of harmony in that part of the continent was that we could not make arrangements with them, and were prevented by them from making arrangements with other companies."

ANY one desiring an elegant and delightful hair dressing should purchase a box of a bottle of "Eclair," price 60 cents.

## A WORD FOR THE RAILWAY.

\*\*\* Every morning the train leaves here with a long run of cars, and returns with as much business-like aspect as those on the parent line. Like every new mechanism, before it is put into running order, some oiling, and arranging, and adjusting must be done, but the attention of the Superintendent will shortly make the places smooth, and the crooked part straight.

Mr. Luttrell, Esq., is personally supervising the arrangements, strengthening the bridges of the line, giving solidity to the carriages, adjusting the rails, and studying the security of the construction through out.

Experienced men have been employed at work, and competent railroaders will continue to improve the road until the irregularity which has existed to a small extent, and which must affect every new mechanism, will be reduced to system and order.

We are sure that the negotiations are now passing between the postal authorities and the authorities of the railway, for the running of a mail car with an express messenger on the Grand Junction, and no doubt the arrangements will be completed ere long. In addition to this fact, it is not presuming too much, in stating that the prospective joint mail and express train, regular passenger trains daily before the close of six or eight months.

There is a snug little traffic growing out of the enterprise, and its augmentation is only a matter of time.

## RAILWAY DISSENTS.

The Superior Township Council at their meeting held on the 20th inst., passed a resolution that as a satisfactory arrangement had been arrived at with the Grand Junction Railway Company, Mr. Bickford and the Bank of Montreal, the Reeve be instructed to sign the Deed and House and hand over to the trustees. R. Cookburn, Esq., of this village, being one of the trustees, the amount of the bond, \$15,000, was placed in his hands with a certified copy of the by-law.

## The Nude in Art.

A MARIAGE HOUSE HOW THEY FOR THE TRAIT OF HALF NAKED ZULU.

LONDON, Oct. 29.—In the Lord Mayor's Court at the Mansion House to-day, at the conclusion of a case in which a young girl was summoned for exposing photographs of a nude Zulu, the summons having been dismissed, Allerton, who is a director of the London Stereoscopic and Photographic Company, which printed the photographs, arose and said:—"On last Thursday, when I was here," the Lord Mayor interrupted him, and said:—"I cannot allow you to address the Court."

Of "a shame," accompanied by a chorus of "yes," followed.

Noting—"I insist upon my right as a magistrate to be heard here." (Loud applause.)

Lord Mayor—Officer, do your duty. (Hisses.)

Noting—"I repeat I insist upon my right to be heard in reply to the observations you made behind my back last Thursday. I appeal, and a voice, 'Speak to the reporters.'"

At this point the Lord Mayor left the Court and went to his office.

The Lord Mayor, returning, ordered the Court to be cleared, and a scene of wild confusion and tumult with groans and cheers ensued.

Noting—"Should you decline to hear me, and you are supposed to be impartial justice from that seat, I implore you in the name of the citizens of London with having brought discredit to your office and with having violated the duty which belongs to that august chair."

The Court was then cleared amidst groans, cheers, hisses, cries of "Shame," and great uproar and excitement.

A LOVER'S ALARM CLOCK.—A lover's alarm clock has been introduced in New Orleans. At 10 o'clock it strikes loudly two doors open, and a man with a dressing-gown and cap on either ear, holding in his hand a card inscribed "Good night." As he bows and smilingly retires back into the clock, the young man takes the hint, says "good night" to the fair daughter and departs.
